

History

Works directive since 1971

Supplies directive since 1976

No effect

The Change

Programme 1985: Completion of the single market by 2003

Remedies directives adopted 1989 and 1992

**PP regime
got teeth by
effective review of infringements
before contract award**

Main Instruments

- **Interim measures for**
 - ◆ **correction of illegal infringements**
 - ◆ **suspension of contract award or implementation of a decision**

- **Setting aside of unlawful decisions, including removal of discriminatory technical, economic or financial specifications**

before conclusion of contract

The Future

Revision of the Remedies directives started by internet consultation in 2003

To be discussed

- **What's right, what's wrong with the existing instruments?**
- **Loopholes to be closed?**
