Enforcement in the Internal Market

EU Commission's views on enforcement
for goods and services

Jacqueline Minor, Director
Horizontal Policy Development

Transposition of Directives

- A transposition plan for each Directive, risk-based which aims to secure satisfactory and timely transposition from all Member States

Transposition of Directives

- The Services Directive
- MIFID

Transposition of Directives

- Transposition recommendation
- Transposition package meetings
- Scoreboard (« peer pressure »)

Infringements

- Prioritisation + benchmarks
- Improved management
- Alternative dispute resolution (SOLVIT)

Future direction ?

- A more « networked internal market »
- Support from Brussels for Member States (and corresponding commitments)
- A new recommendation
