GO FOR GROWTH AN AGENDA FOR THE EU IN 2010-2014

O. Blank 10 June 2010

Industry is vital for Europe

23 million jobs
6,000 large companies
1,7 million SMEs
EUR 1.3 trillion yearly added value
EUR 5 trillion yearly turnover
Manufacturing makes 17% of EU GDP

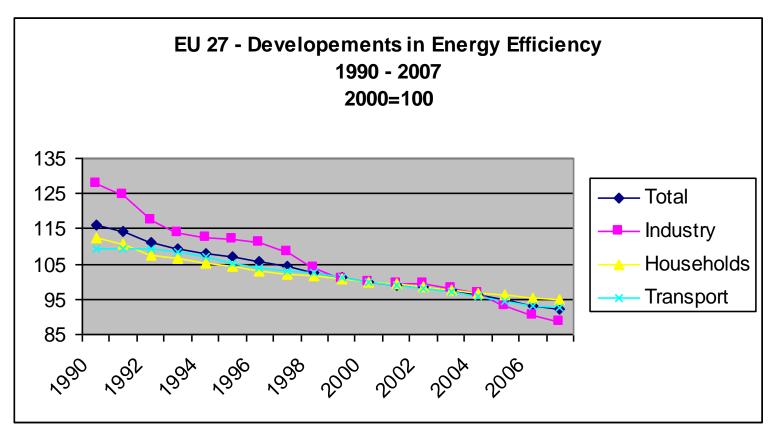

Industry is a solution provider

Demographic change and ageing population
Climate protection
Sustainable use of energy and resources
Access to energy at affordable prices
Mobility and better transport
Participation to knowledge / digital society

Industry is good in energy efficiency

Environmental aspects of EU 2020 strategy

- Invest in Europe's future: prioritise growth, jobs, innovation, global competitiveness
- Integrate European policies

Do what you say

Environmental aspects of EU 2020 strategy

Better environmental policy is key:

- No artificial separation between "green" industry and others
- Improve existing legislation
- Reduce administrative burden
- Improve quality of new legislative initiatives
- Avoid "double regulation"
- Stakeholder involvement (e.g. in comitology)

Environmental aspects of EU 2020 strategy

Thank you for your attention!
