

BUSINESSEUROPE

SEASONAL WORKERS

European Parliament, 20 April 2011

Sverker Rudeberg

THE BUSINESS CASE

- **Companies** in many sectors need **seasonal workers** to cover labour market needs.
- Companies have great **difficulties to find legal seasonal workers.**

THE EU-CASE FOR A DIRECTIVE

Only the EU can:

- Make **procedures harmonised and fast!**
- Make it easier to be a **legal employer of seasonal workers!**
- Increase **legitimacy of EU migration policy!**

WHAT ABOUT THE DIRECTIVE?

We welcome the Directive!

- **the labour market needs test is optional** – balanced by that MS can reject an application based on volumes of admission but....
- **labour demand - activity depending on the seasons:** delete "far" above the usual demand
- **more favourable provisions:** allowed to a greater extent - especially maximum duration

**THANK YOU FOR YOUR
ATTENTION!**
